Allowable Subject Matter

2. Claims 5-6 are allowed over the prior art.
3. The following is an examiner's statement of reasons for allowance: In the Examiner's opinion, a skateboard leash adapted to be attached to a skateboard having a length adjusting strap assembly mounted between said swivel joint and said elongated strap assembly (claim 5) and said elongated strap assembly including an folded over inner elastic tube mounted within a covering tube (claim 6) was not anticipated by the prior art. The prior art, specifically Younger ('111), discloses a skateboard leash adapted to be attached to a skateboard with a swivel joint mechanism and the elongated strap having a bulbous member mounted at the free end of the strap. However, Younger does not disclose a mounting strap adapted to be mounted transversely around a skateboard platform, a length adjusting strap assembly mounted between said swivel joint and said elongated strap assembly, and said elongated strap assembly including a folded over inner elastic tube mounted within a covering tube.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
